Hello,

We have now finalized the revisions to the arbovirus memo. We have accepted all of your in-text changes and have (hopefully successfully) addressed your comments by revising the memo in several places.

Also attached is a red-lined version of the final memo (Word file) that shows the changes that were made as well as responses to your comments on the draft memo.

We have signed the memorandum and have attached it to this email for your signature.

With best regards,

Wiebke
